The Therapeutic Powers of The Dead Sea at Your Fingertips

The Dead Sea, one of the world's natural wonders, lies at the lowest point on earth, 1300 feet below sea level. The Dead Sea has been known for years as the world's largest natural spa and for its healing effects and therapeutic powers.

All products are imported and originate from the Dead Sea, Israel.

Milk Cleanser

Skin Toners

Men's Care

Facial Cleansers

Aromatic Mud Treatment

BEFORE

AFTER
(USING PREMIER HAND CREAM & SALT SCRUB)

I have had a condition on my hands that has gotten worse over the course of 6 years. They have been dry, flakey, cracked, itchy, and so often bleed just washing them. In over that course of time I have spent so much money in products, pharmaceutical compounded creams, and lotions and several different doctors, including dermatologists. No one person or Doctor could name my condition so I just call it irritating.

My friend told me about a Premier product and I said why not I have tried everything else what do I have to lose. I tried a Sea Salt from the Dead Sea. I thought I would die, it has salt in it. But I gave it a try. It felt so good I didn't want to rinse it off. I used it until it was gone, my hands were better. Then he asked me to try Premier Aromatherapy Hand Treatment Cream. In about a month my hands no longer cracked, weeping, itchy, or dry.

My husband for the first time in years was able to hold my hand. Would I recommend this product? You bet I would. I would rather never run out of this cream. My hands are so much prettier than I ever thought they would be. I can have a manicure without being embarrassed to show them.

Thank you so much for Premier!
